|  <p>A Royal Son and Mother</p> <p>by Pauline von Hugel</p> <p>2 Audio CDs - 1 hr. 29 min.</p> | <p>A Royal Son and Mother by Pauline von Hugel</p> <p>A Royal Son and Mother tells the story of the devout and long-suffering “Apostle of the Alleghenies”, as Fr. Demetrius Augustine Gallitzin came to be known. Born the son of noble parents, Prince Dimitri Alexeievich, a Russian ambassador to the Netherlands, and the Prussian Countess Adelheid Amalie von Schmettau, Dimitri’s early life was one of inherited privilege. He was raised Russian Orthodox, lived very nominally by his family. However, in his teens his mother returned to the Faith of her youth, and Dimitri influenced greatly by her circle of friends, intellectuals, and priests, converted to the Catholic Faith, following her miraculous recovery from a serious illness. Although the ambassador had planned a military career for his son and had sent him to America for an education, he was shocked to learn that his son had renounced his inheritance and had entered a seminary instead. Demetrius was ordained a Catholic priest in 1795 and devoted his life to ministering to the pioneers of rural Maryland and Pennsylvania. Braving every sort of danger and forgoing personal comfort, he established numerous missions in remote settlements across the Allegheny frontier. During his years as pastor in Loretto, Pennsylvania, his spiritual children grew in number from a dozen to over ten thousand. The story of this mother and son is a beautiful tale, like many seen through the ages, of a devout mother, holy and good, and the ensuing strong Faith of her child, who learned from the hand that rocked their cradle to love the Good God and serve him to heights of holiness that affected many. Francis Cassilly, S.J.</p> <p>Not a “love story”, A Story of Love, is rather the story of love, the love of God, which He has for each of us, and the experience of its beauty and wonder when we unify ourselves to Our Divine Creator. As Father Cassilly explains, this love, which every man and woman was created to experience, is an ardor so intense and fulfilling that it scarcely seems possible to grasp, yet one that is offered to every human person who opens his heart and mind to its beauty and wonder. He shows how this ultimate love is the basis of all true love that we experience and how it introduces itself at the beginning of our lives and faithfully endures throughout our lives, leading to its ultimate fulfillment at the end of our earthly pilgrimage.</p> <p>Audiobook Time - 4hrs. 7min. - 4 Audio CDs Price \$15.95</p> |

A Treatise on the True Devotion to the Blessed Virgin

by St. Louis-Marie Grignon De Montfort

Considered by many to be the greatest single book of Marian spirituality ever written, A Treatise on the True Devotion to the Blessed Virgin, is St. Louis de Montfort's classic statement on the spiritual way to Jesus Christ through the Blessed Virgin Mary. In this volume Montfort goes through the various aspects of this devotion explaining what is true devotion and outlining what is false devotion, explaining that devotion to Mary is not an optional devotion like any other devotion to the Saints. He boldly claims that devotion to Mary is necessary in becoming a living image of Christ in this world, making no distinction between devotion to Mary and devotion to Jesus. In this book the Saint invites those that are capable of understanding this devotion to embark on a journey of entering more deeply into the inner life of Jesus and Mary and by so doing to grow in holiness. Included are a series of meditations and prayers that assist in making a consecration to the Blessed Virgin Mary. Read by Michael Portelli & Maria Therese.

Collected Works of Saint Patrick by St. Patrick

Collected together here are some of the most popular and well-known prayers and works of St. Patrick that have come down through the ages.

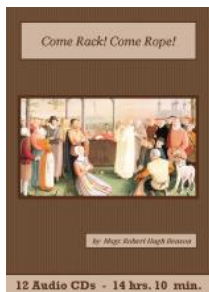

St. Patrick's Breastplate - one of his most well-known works, is attributed to St. Patrick and his disciples. It contains some Celtic pagan elements (historically this is not unusual, prayers most often do contain the influence of the era or culture in which they are written), but is definitely a Christian prayer asking God for protection through daily life.

A Letter to the Soldiers of Coroticus - a letter he wrote to the soldiers of Coroticus--also Christians--who had raided parts of Ireland and taken away prisoners who were Christians and sold into slavery. The letter is a wonderful demonstration of Patrick's rhetorical fire. The contents of this letter are just as autobiographically revealing of his character as the Confession.

Confession - A short autobiography in which he tells of being abducted by Irish pirates from his home in England, sold into slavery, and taken to Ireland. After six years, during which God really moved in His heart and converted to the Faith, he escaped and returned to his family. During his time back in England he was ordained, and soon heard God calling him back to Ireland to bring souls to him. His works there spread like wildfire, baptizing thousands of people, becoming the true "Apostle of Ireland".

Come Rack Come Rope by Msgr. Robert Hugh Benson

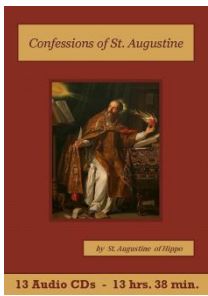

Come Rack Come Rope is a tale of the struggles and sufferings of Catholic Recusants (Catholics who refuse to convert to the Church of England) under Queen Elizabeth I of England. In this story of deep tragedy and terror Msgr. Benson portrays the conflict between natural, tender human passion and divine love, and its heroic resolution worked out in the hearts of the two principal characters, Robin Audrey and Marjorie Manners. The two young people, only seventeen, and secretly engaged, struggle with many emotions and trials as did any faithful Catholic in that age of English History, but when they both come to the belief that God would have them give up their earthly love for each other for a deeper calling to His service, their mettle is tested, and their love is transformed into a deeper, more spiritual love as they undertake the work God calls them each to. Robin goes abroad to become a priest and returns as a covert outlaw to minister the sacraments to the recusant Catholics in his homeland. Margaret becomes the hostess of a safe-house and covert chapel from which priests may come and go in safety. Adventures abound and emotions run high in this classic tale of Catholic life in Elizabethan England.

A note to Parents: Some portions of Come Rack Come Rope are very intense and difficult to read, but integral to the story. As the author notes in a preface, however, it is in fact an accurate description of Catholic experience at the time. Please exercise caution with the age appropriateness of this book.

The Confessions of St. Augustine By Saint Augustine of Hippo, translated by Albert C. Outler. The timeless classic that has captivated readers for more than fifteen hundred years, Confessions of St. Augustine, tells the story of his long struggle with faith, and ultimate conversion. Starting with his early life, education, and youthful indiscretions, and following his ascent to influence as a teacher of rhetoric in Hippo, Rome, and Milan, Augustine is deeply honest about his proud and ambitious youth. In time, the dazzle of his early loves grow cold and the luster of worldly success fades, leaving him feeling the depths of inner emptiness. It was at this time that a leading to Christ and the Faith takes hold, eventually leading to conversion and the abundant flourishing of a new life. St. Augustine's insights into human nature are incisive and relevant for the contemporary reader, a timeless classic that will persist as long as humanity continues to long for meaning in life and peace of soul. Conceptions of Divine Love by St. Teresa of Avila, translated by Rev. John Dalton. Conceptions of Divine Love was written by St. Teresa with the idea of explaining and reflecting upon the meaning of certain words and phrases found in the Book of Canticles, commonly known as the Song Of Solomon or Song of Songs. Typical of the writings of the great mystic, the sublime reflections on the contemplative life in this title share a great affinity with her thoughts in The Interior Castle and The Way of Perfection. Such a lover of God as St. Teresa of Avila could not help but be inspired by the sublime depths of the mystical conceptions mined from the within the most ardent and luxuriant love-song contained in the world's literature. She often had the occasion, in the Divine office, to read passages from the Book of Canticles, and, dwelling upon these as she did, with loving thought, she desired to make the results of her meditations known to others. First American Sister of Charity: Elizabeth Bayley Seton, The by John Clement Reville

The First American Sister of Charity: Elizabeth Bayley Seton is a picturesque and moving account of the life and work of Elizabeth Ann Bayley Seton (1774-1821), the first native-born citizen of the United States to be canonized a saint. She was born into high society during some of the most stirring times our country has ever known, the time of the Revolutionary War. Raised staunch Episcopalian, she was devout and true to her faith. Marrying young, she and her husband, William Magee Seton, refined, cultured, a true gentleman, set out joyfully to raise a family. Sadly, tragedy struck, financial losses caused his health to suffer and William was struck by the dreaded tuberculosis. The couple traveled to Italy seeking to restore his health by a sea voyage. Unfortunately, he died in Italy, unable to recover his health. However, while there the greatest gift was given Elizabeth, she gained the Catholic Faith, which became as balm to the soul of the grieved young widow. Returning to the U.S., Elizabeth answered the calling within her heart to further give her life to God, sacrificing all and working tirelessly to establish schools in New York and Maryland, and was the first to found a congregation of Religious Sisters in the United States, the Sisters of Charity of St. Joseph. She spent the rest of her days leading and developing the new congregation. This book gives beautiful detail to life of this American Saint, an excellent read! Read by Dave7

Flowers from the Garden of Saint Francis for Every Day of the Year by St. Francis of Assisi
Writings set forth from the pen of St. Francis of Assisi, perhaps the most diverse and well-known of all Saints today, his popularity breaching the walls of both creed and culture. Flowers from the Garden of Saint Francis for Every Day of the Year contains 365 admonitions and inspirations from this great Saint and other notable Franciscans. Often written for the aid of the monks and nuns under his authority and care, they still, however, hold much wisdom easily applicable and directed towards priests, religious, and the lay person of this day. As the compiler of this work so aptly states, St. Francis "was inspired by God, six hundred years ago, to rekindle in His Church the spirit of humility, simplicity, poverty, detachment from the world, and ardent love of our crucified Redeemer." This is the great work of our beloved Saint, and it shines through in his writings!

Fraternal Charity by Father Benoit Valuy
Fraternal Charity is an excellent read with valuable insights into the virtue of charity, the virtue that, if well-practiced, will bring us closest to the perfection of Christ. Whether Our Lord was speaking to His ignorant and often rude Apostles, the sick and poor, or with His enemies and sinners, He was always benign, merciful, affable, patient; in a word, His charity appeared in all its most amiable forms. The author wrote this book for members of religious orders, to enrich their practice of charity to each other. However, as the translator notes "Though specially written for religious, it cannot fail to prove beneficial to seculars in every sphere of life; as love, the sunshine of existence, is wanted everywhere." Would make a great title to listen to as a family, for study, discussion, and growth in the virtue of charity! Who amongst us could not stand to grow in this virtue? Read by Dave7.

Friendship of Christ, The by Robert Hugh Benson
In The Friendship of Christ the great Msgr. Robert Hugh Benson shows us how to achieve a deeper relationship with God the Son. We all have an innate need for friendship; in this timeless work, this need is raised to the supernatural, illustrating the greatest friendship one could ever possess and how to nurture it. The book shows how Christ works in the soul of those who seek Him, in His public life, and in the historical examples given in the Gospels. "There is one supreme friendship to which all human friendship points," writes Benson, "one ideal Friend in whom we find, perfect and complete, that for which we look in the faces of our human lovers." In the Part I, the author shows how one enters into a personal relationship with Jesus Christ through the purgative and illuminative ways. In Part II, he discusses several modes in which Christ offers us His friendship here and now, such as in the Eucharist, in the Church, in the priest, in the saint, in the sinner, in the average person, and in the sufferer. In Part III, Benson recalls how Jesus Christ proved the depth of His friendship with us by willingly accepting death on the cross for our sake, and how He raises His friends to everlasting life with Him. After being ordered to write her autobiographical The Life of S. Teresa of Jesus, Teresa was hesitant to begin writing again on her views of the perfection found in internal prayer. Her humility and claims that, "I am not meant for writing; I have neither the health nor the wits for it," almost prevented Teresa from composing The Interior Castle. However, according to a letter written by Fray Diego, one of Teresa's former confessors, Teresa was finally convinced to write her book after a she received a vision from God. Diego wrote that God revealed to Teresa, "...a most beautiful crystal globe, made in the shape of a castle, and containing seven mansions, in the seventh and innermost of which was the King of Glory, in the greatest splendor, illumining and beautifying them all. The nearer one got to the center, the stronger was the light; outside the palace limits everything was foul, dark and infested with toads, vipers and other venomous creatures." With that, Interior Castle was born. It contained the basis for what she felt should be the ideal journey of faith, comparing the contemplative soul to a castle with seven successive interior courts, or chambers, analogous to the seven heavens. Fr. Damien, born Jozef De Veuster, was a Roman Catholic priest from Belgium and member of the Congregation of the Sacred Hearts of Jesus and Mary, a missionary religious order. His charity and care for the lepers was what turned the island into more of a home and refuge for the poor lepers, who had previously been abandoned to live out their days in desolation, unloved, and forgotten by the world. St. Damien won recognition for his ministry to people with leprosy (Hansen's disease), who had been placed under a government-sanctioned medical quarantine on the remote island of Molokai in the Kingdom of Hawaii. He, himself, contracted and died of this dreaded disease after caring for the physical, spiritual, and emotional needs of the people in the colony for sixteen years. The author visited Molokai several times, and was quite struck by the holiness and relentless work of Fr. Damien. It was Stoddard, actually, who helped establish Father Damien's position in public esteem. Read by Dave7.</p> <p>Audiobook Time - 1hr. 52min. - 2 Audio CDs Price \$10.95</p> |

He is often referred to as the "Curé d'Ars". He became internationally notable for his priestly and pastoral work in his parish because of the radical spiritual transformation of the community of Ars, its surroundings, and souls from far reaching places who came to seek his spiritual counsel. Catholics attribute this to his saintly life, mortifications, his persevering ministry in the sacrament of confession, and his ardent devotion to the Blessed Virgin Mary and to Saint Philomena. Life of St. Teresa by Saint Teresa of Avila, translated by Rev. John Dalton

The Life of St. Teresa is the story of the beloved Doctor of the Church as written by herself. Born in the Castilian town of Ávila in 1515, Teresa entered the Carmelite convent of the Incarnation when she was twenty-one. Suffering great illness, as well as doubts and self-recrimination, she gradually came to a deeper understanding of the power of prayer and contemplation, and the road to spiritual perfection. Her spiritual enlightenment was intensified by many visions and mystical experiences, including the incredible piercing of her heart by a spear of divine love. Over the years she went on to found seventeen Carmelite monasteries throughout Spain, and was a much needed reformer of the Carmelite Order. Considered to be, along with John of the Cross, a founder of the Discalced Carmelites. Famous world-wide for her writings, her works are second in readership among Spanish classics only to the great Don Quixote! Like many of her writings, her autobiography is enlightening, yet exhortative, seeking to instruct the reader on how to live a more devout Christian life in the manner put forth by the Catholic Church. The Saint's spiritual struggles, vision of her potential place in Hell, and mystical graces highlighted in this work are deeply moving--yet, in spite of her high degree of sanctity and closeness to spiritual perfection, she remained very down to earth, making her a favorite among the saints. The Life of Saint Teresa is a must read for anyone seeking a more contemplative life and a closer and more spiritual connection with God through prayer and religious devotion. Read by Ann Boulais.

Life of Saint Columba Apostle of Scotland, The by Frances Alice Forbes

Saint Columba (521 – 597) was an Irish abbot and missionary credited with spreading Christianity in present-day Scotland. He founded the important abbey on Iona, which became a dominant religious and political institution in the region for centuries. He is the Patron Saint of Derry. He was highly regarded by both the Gaels of Dál Riata and the Picts, and is remembered today as a Catholic saint and one of the Twelve Apostles of Ireland. Columba reportedly studied under some of Ireland's most prominent church figures and founded several monasteries in the country. Around 563 he and his twelve companions crossed to Dunaverty near Southend, Argyll in Kintyre before settling in Iona in Scotland, then part of the Irish kingdom of Dál Riata, where they founded a new abbey as a base for spreading the Faith among the northern Pictish kingdoms who were pagan. He remained active in Irish politics, though he spent most of the remainder of his life in Scotland. Three surviving early medieval Latin hymns may be attributed to him. The story of St. Columba is not remarkable, however as much for his earthly works, and for the spiritual heritage he left behind. Known for many miracles, and a life of great sanctity, his story is inspiring and well worth the read! Read by Multiple Readers.

Life of Saint Ignatius of Loyola, The by Frances Alice Forbes

A short and engaging biography of the ardent Spanish soldier who, while recuperating from a battle wound, was converted to the service of Christ by reading a Catholic book. The young Ignatius of Loyola was first a soldier from a noble family who fought in the service of the Duke of Navarre. As a young aristocrat Ignatius had a "love of martial exercises and a vainglorious desire for fame". Joining the army at seventeen, he strutted about "with his cape slinging open to reveal his tight-fitting hose and boots; a sword and dagger at his waist". After an injury which forced him to be bedridden, during which time he read De Vita Christi, a book on the life of Christ, Ignatius experienced a dramatic conversion. He dedicated the rest of his life fully to being a "Soldier of Christ", and went on to found the great Jesuit order. Formally known as the Society of Jesus, the order demanded an unprecedented degree of education, obedience, and sacrifice, and was immensely influential in turning the tide of the Reformation in Europe. | | <p>Life of Saint Monica, The by Frances Alice Forbes</p> <p>This book is above all things the story of a mother. But, it is also the story of a noble woman—a woman who was truly great, by the very fact that she never sought to be so. She understood the sphere in which a woman’s work in the world must usually lie, and with unflinching devotion led her life along the lines that God had laid down for her. She suffered bravely, forgot herself for others, and remained faithful to her noble ideals, and thus, she ruled as a queen amongst those with whom her life was cast. St. Monica’s influence was great and far-reaching, but she herself was the last to suspect it, the last to desire it, and that was perhaps the secret of its magnitude. This type of woman is rare in this present day, but, by the grace of God, there are still “other Monicas” living and serving those around them with devotion. Love of Jesus to Penitents, The by Henry Edward Manning

In The Love of Jesus to Penitents, Cardinal Manning gives great detail to the numerous benefits that the Sacrament of Penance affords the penitent. Namely: it reveals to the prodigal the tender compassion of Our Lord Jesus; bestows the grace of spiritual regeneration upon the spiritually dead soul; is the means of gaining self-knowledge; inclines the penitent to have perfect contrition and making reparation to God and those neighbors whom he has offended by his sins; and bestows upon the spiritually reborn the gift of perseverance, enabling him to remain in a state of grace throughout his earthly life unto life everlasting. The cardinal tells us that Catholics in his day loved the Sacrament of Penance but did not avail themselves to its graces and benefits as often as they ought; so very like our own times. Catholics, therefore, should find this short book quite relevant, and both Catholics and non-Catholics should find it interesting and informative, as it outlines the practical usefulness and efficacy of this ancient sacrament. An excellent read, deepening ones understanding of, and love for, Confession. The Love of Jesus to Penitents is read by Dave7

Lord of the World by Robert Hugh Benson

A 1907 novel by prolific Catholic author Msgr. Robert Hugh Benson, Lord of the World, centers on: the reign of the Anti-Christ, who will tempt Christians to apostasy before Christ's Second Coming; the final battle in the supernatural war for souls; and the End of the World. Deeply profound and seen by many a modern day theologian (including the last two popes) as prophetic for our times, the book is heralded as a must read. Before creating his fictional account, Msgr. Benson carefully explored the various passages on the end times included in Scripture and the teachings of the Church Fathers as background for this tale of the Antichrist, lending a level of authenticity to the story rarely seen in endtime fictional works. The storyline of the book is eerily familiar to our times today, giving one pause for thought. However, we must always remember that in the end the true Lord of the World will triumph! Marvels of Divine Grace, The by Alice Lady Lovat

The Marvels of Divine Grace, Alice Lady Lovat's meditations on a treatise on Divine Grace written by the prolific Roman Catholic theologian and mystic Juan Eusebio Nieremberg, S.J. (1595-1658). The author gives compelling meditations on grace and what it means to us, highlighting for the reader thoughts on the nature of grace, its effects and fruits, and its necessity in bringing us into true unity with our Divine Creator. She reminds us that grace is bestowed by God alone, inasmuch as every best gift and every perfect gift is from above, and it is given to us through the merits of our Redeemer, because He is the One Mediator between God and man. What does grace do for us? It elevates us, from the moment of our baptism, above the natural order on to a plane immeasurably higher. Read by Dave7.

Personal Recollections of Joan of Arc by Mark Twain

From the masterful story-teller Mark Twain comes his least known, but most well-written work, Personal Recollections of Joan of Arc. Twain spent twelve years researching the story and many months in France doing archival work, taking several attempts at writing the book before he felt he finally had the story he wanted to tell. In order to portray the history of the great Saint accurately, he studied in detail accounts written by both sides, the French and the English. In the words of the author himself: "I like Joan of Arc best of all my books; and it is the best; I know it perfectly well. And besides, it furnished me seven times the pleasure afforded me by any of the others; twelve years of preparation, and two years of writing. The others needed no preparation and got none." The novel is presented as a translation (by "Jean Francois Alden") of memoirs by Louis de Conte, a fictionalized version of Joan of Arc's page, Louis de Contes, and divided into 3 sections according to Joan of Arc's development: a youth in Domrémy, a commander of the army of Charles VII of France, and a defendant at trial in Rouen.

Not only is this work a story of St. Joan, but it is also a history of the politics and machinations of the English and the French, the plebeians and the Burgundians; it is a book about the controversy over religious beliefs. You will learn about the Hundred Years' War, the political intrigues, and the religious and mystical beliefs prevalent of the times. Beyond the history, though, is the story of a girl, called by God to a mission to lead her country to victory. In spite of ridicule and extreme difficulties, she followed that call to the end. Twain's Joan is kind, gentle, true, patriotic, devout, humble, compassionate, loyal, and courageous, a true heroine. One of the best portrayals of why she is named among the Saints. Pope St. Pius X by Frances Alice Forbes

A popular and exciting short biography of one of the most influential popes in modern times. Pope St. Pius X went from poor farm boy to pope. A good student, who had high morals and was loved by all who came into contact with him, he went on to great works and needed changes in the Church during his papacy, to help the faithful face the great changes of the modern era. As pope he condemned Modernism, allowed younger First Communions (at 7 as opposed to the previous norm of 12-14 years old) and more frequent Communion to all the faithful, reformed Church music & the Breviary, initiated the first codifying of Canon Law, and in his own words set out "to restore all things in Christ". Not only were his works as pope remarkable, but of course his character was what led him to declaration as a saint, his love for all was truly touching. He had a special place in his heart for the "least of these", the poorest of the poor and little children. A truly inspirational book a must read! Read by Multiple Readers.

|  | <p>Saint Charles Borromeo - A Sketch of the Reforming Cardinal by Frances Alice Forbes</p> <p>"In those days when passions ran riot, and the knowledge of the truth was almost completely perverted and obscured, there was a continual struggle with errors, and human society, going from bad to worse, seemed to be rushing towards the abyss. In the midst of these errors rose up proud and rebellious men, "enemies of the Cross of Christ . . . men of earthly sentiments whose god is their belly" (Phil. iii. 18, 19). These, bent not on correcting morals, but on denying dogmas, multiplied the disorder, loosening for themselves and for others the bridle of licentiousness, and condemning the authoritative guidance of the Church to pander to the passions of the most corrupt princes and peoples, with a virtual tyranny overturned its doctrine, constitution, discipline."</p> <p>It was into this time that St. Charles was born, and for such a time that God created him. During each age when schisms and heresies seem ready to destroy the Church, God sends a great reformer to teach, renew, and spread the Truth, to break down the work attempted by the Father of Lies. St. Charles Borromeo was a leading figure during the Counter-Reformation and was responsible for significant reforms in the Catholic Church. He worked tirelessly to renew the Church, filled with the qualities of a true and good reformer: virtue, knowledge of true doctrine, common sense, proper authority, and piety. A successful reformer must be one who others are filled with the desire to follow, St. Charles had the zeal to guide the reform, as well as the necessary qualities to inspire the masses to follow the way of Truth! read by Maria Therese</p> <p>Audiobook Time - 5hrs. 12min. - 5 Audio CDs Price \$17.95</p> |

Way of Perfection, The by St. Teresa of Avila, translated by Rev. John Dalton

The Way of Perfection is a practical guide to prayer, setting forth S. Teresa of Avila's counsels and directives for the attainment of spiritual perfection. Through the entire work there runs the author's desire to teach a deep and lasting love of prayer beginning with a treatment of the three essentials of the prayer-filled life -- fraternal love, detachment from created things, and true humility. St. Teresa's counsels on these are not only the fruit of lofty mental speculation, but of mature practical experience. The next section develops these ideas and brings the reader directly to the subjects of prayer and contemplation. The saint then gives various maxims for the practice of prayer and leads up to the topic which occupies the balance of the book -- a detailed and inspiring commentary on the Lord's Prayer. Of all St. Teresa's writings, The Way of Perfection is the most easily understood. Although it is a work of sublime mystical beauty, its outstanding hallmark is its simplicity which instructs, exhorts, and inspires all those who are seeking a more perfect way of life. But Thy Love and Thy Grace by Fr. Francis J. Finn, S.J.

Father Finn's beautiful little tale can be read in an hour or so, but it conveys a lesson which ought to be of longer duration. The interest of the story is chiefly theological, turning, as it does, on the refining and ennobling effects of frequent confession and communion on the soul; yet it is so simply put that any child can understand it. Regina O'Connell is a poor factory girl whose earnings support herself and her bedridden sister. She is simplicity itself—one of those rare beings whom unselfishness and genuine humility make heroines in the true sense of the word. She is a weekly communicant, and is trying her best to keep to the narrow path, but she cannot yet say from her heart the beautiful prayer of St. Ignatius:—"Take, O Lord, all my liberty, my memory, my understanding, my whole will." She is tried, sorely tried. At times the pathos is almost unendurable, but she learns her lesson at last. "Give me but Thy love and Thy grace," she whispered, "for these are sufficient for me." "And she received His love and His grace, and in the receiving her heart throbbed with a bliss seldom known upon earth, for His love and His grace were indeed sufficient."

The book is not devoid of humorous touches. Father McNichols' catalogue of his penitents and Regina's poor attempts at grandeur are amusing, while the description of the bazaar and of the raffle for the diamond ring are bright and vivid. Read by Maria Therese

Children's Catholic Audiobooks

A Candle For Our Lady by Regina Victoria Hunt

A Candle For Our Lady audio book is set during the reign of Henry VIII, a very dark time for Catholics in England, when the hated Thomas Cromwell had the ear of the king. Two children, Jemmy and Joan Reynolds, set out to make a pilgrimage to the Shrine of Our Lady at Walsingham, their biggest problem at the moment lies in deciding on what offering to bring to Our Lady. Joan comes up with the idea of presenting her with a great, fine candle, hence the title of the book. The pair set out upon a thrilling journey which eventually brings Jem face to face with the crafty Cromwell and King Henry himself. What happens when they meet a cunning stranger on the way to the shrine and later when Jem attempts to rescue a friend from Cromwell's power are some of the exciting developments that make A Candle For Our Lady interesting and fast paced. True history and authentic background are woven into this story which provides a taste of the struggles English Catholics knew in a time when cruelty and greed ruled the land. God's Troubadour, The Story of St. Francis of Assisi by Sophie Jewett

God's Troubadour, The Story of St. Francis of Assisi, a biography of one of the most loved Saints of all time, was originally written for children 7-10 years old, but is an book that will be enjoyed by all ages. The book tells how the gay, courtly young soldier, Francis Bernardone, became a knight of Jesus Christ, vowed devotion to Lady Poverty and proved himself the "little brother" to all men, and even to the birds and beasts, his beloved friends. The son of a wealthy merchant, Saint Francis of Assisi kept company in his youth with a roving band of young nobles who were bent on having a good time, thinking nothing of the comfort or feelings of other people. When sickness puts an end to his soldierly ambitions, he turns his back on earthly possessions, much to the disgust of his father, donning a dust-colored robe and tying a plain rope around his waist. Traveling barefooted and bareheaded through the hills of Italy he begins his ministry to the outcasts of society: the lepers, the poor, the hungry. Other men flock to join him and share in his work, including three robbers who feel the transforming power of his love. His powers extend over the animal kingdom as well. He preaches to the birds and he tames the wolf who has been terrorizing the villagers of Gubbio. When he journeys eastward with the Crusaders, he ministers to Saracen and Christian alike. One year at Christmas he presents a living nativity scene to his neighbors, beginning a tradition that has lasted for centuries. A delightful biography, with some stories not often heard, that will hold the attention of listeners of all ages! Read by Sean McKinley

| | <p>Man Who Fought the Devil, The by Eva K. Betz</p> <p>St. Jean Marie Vianney always found it hard to learn. In fact, he made history by receiving a zero on his examination after his first year of study in the seminary. But, by the grace of God he went on to become a priest, and what a priest he was! He became the beloved Cure of Ars, turning the lax and neglectful town around, bringing the inhabitants back to church, teaching them the Faith. Week by week, year by year, his fame as an advisor and a confessor grew. People flocked from great distances to his little church, and privately, among themselves, they called him “saint”. The devil, furious at the ever-increasing number of souls being saved by the Cure, tempted and taunted the priest and even persecuted him physically. But Satan found he had met his match in, The Man Who Fought the Devil. Read by Maria Therese.</p> <p>Audiobook Time - 3hrs. 3min. - 3 Audio CDs Price \$14.95</p> |

Yankee at Molokai by Eva K. Betz

As a daring soldier in the Union Army, Ira Dutton earned the respect and affection of the men around him. Handsome and affable, he easily had a full social life when the war was over. However, it wasn't long before he heard the call of God and knew he had to change his ways. Through the influence of good Catholic friends, he sought out religion in the Catholic Faith. Changing his name to Joseph at his Baptism (one of his favorite saints) and starting a new life, he went to spend time at a monastery to seek God's will for him. Joseph determined while there that the contemplative life was not his calling, he felt he needed to do active penance, that his "wild years" demanded atonement. Hearing of the ministry at Molokai, he discerned that was where he was called to go, to aid and assist the ailing Father Damien. Making a free gift of himself, his strength, and his capacity for love. Deeply patriotic, he cultivated in his charges devotion to America, the ever faithful Yankee at Molokai. Dutton became known affectionately at Molokai as Brother Joseph, as he was truly a beloved "brother" to all; his love, sense or humor, and tender care for others left a lasting legacy. A vivid and exciting story. Read by Maria Therese.
